Maple Grove Farmers Market Token Program

- Tokens are an important part of the market’s promotional strategy. All vendors are required to participate in the token program.
- Additional Promotional Programs: The Maple Grove Farmers Market reserves the right to participate in other “promotional currency” programs and will provide detailed information to all vendors about the use and redemption of tokens, coupons, or other promotional currency.
- Please review this important information about token and payment programs at the Maple Grove Farmers Market. The Maple Grove Farmers Market offers shoppers the convenience of using their credit, debit and EBT cards to purchase tokens at the Market Information Booth.
- Why offer tokens? Shoppers don’t always carry cash or sometimes run out. Offering tokens provides a source of currency at the market and allows folks to make larger and/or impulse purchases. It also allows our customers who participate in the Supplemental Nutrition Assistance Program (SNAP) to purchase fresh and local goods at the market. Token sales increase the amount of money in circulation, which means that you can sell more!
- Vendors will be reimbursed for Maple Grove-issued tokens every two weeks. Other markets may issue their own tokens. We will only reimburse tokens printed with “Maple Grove Farmers Market” (see next page for examples). The exception to this rule is Market/Produce Bucks, which you may redeem at any participating market.

Vendors cannot use tokens as change for a customer’s purchase (you should provide change ONLY in cash) nor should a vendor use tokens to make their own purchases or transfer tokens to another vendor for any reason.

All vendors are REQUIRED to accept the \$5 and \$2 tokens. You may only make change in cash.

\$5 Tokens are issued when a customer swipes their credit or debit card at the Market Information Booth. *Per your signed vendor application ALL VENDORS agree to accept these tokens, even if your business accepts credit/debit cards. As noted on the token, you may make change in cash.* \$5 tokens do not expire. Vendors will be reimbursed for \$5 tokens.

\$2 Tokens are Maple Grove Farmers Market promotional tokens and are given as customer loyalty rewards. *Per your signed vendor application ALL VENDORS agree to accept these tokens, even if your business accepts credit/debit cards. As noted on the token, you may make change in cash. \$2 tokens do not expire.*

Vendors with eligible products may choose to accept \$1 EBT tokens. You must sign an EBT agreement form if you wish to participate in the EBT program. *Change may not be given.*

\$1 Tokens are issued when a customer swipes his or her SNAP/EBT (food support) card. \$1 Tokens may be used to purchase any grocery item that is intended to be prepared at home (fresh or preserved produce, meats, eggs, cheese, breads, sauces, pickles, jams, juices, prepared foods that are packaged to take home, etc.)

\$1 EBT Tokens may **NOT** be used for items that will be consumed on-site at Market (prepared drinks, hot foods, single cookies or snacks). They may **NOT** be used for decorative items such as non-edible pumpkins or gourds, decorative corn or non-edible flowering plants. **DO NOT** use

Market Bucks are a special incentive for SNAP/EBT customers. These shoppers will receive a FREE match of up to \$10 when they use their EBT card at market. Market Bucks are worth \$1, and can be used to purchase EBT-eligible products. They follow all the same rules as the EBT \$1 tokens and you will be reimbursed for them. Unlike tokens, they have an expiration date.

***Market Produce Bucks** are another incentive for SNAP/EBT customers. These shoppers will receive a FREE match of up to \$10 when they use their EBT card at market. Market Produce Bucks are worth \$1, and can be used to purchase only **FRESH PRODUCE ITEMS**. They look similar to Market Bucks but Market Produce Bucks have a “bite” removed from them the upper right hand corner. Market Produce Bucks have an expiration date.*

Vendors who sell fresh produce or food-bearing plants may accept \$2 Power of Produce Club tokens. Change may be given.

Power of Produce (PoP) tokens are issued to children during the outdoor market season. They should be accepted ONLY for fresh vegetables or fruits or food-bearing plants. PoP tokens are larger than other tokens and state “produce only.” As the token states, you may make change—but we prefer that you sell young customers the full \$2 in produce.

Vendor Reimbursement Process

- Accept the various tokens you are allowed based on your products.
 - a. You **MUST** accept \$5 and \$2 tokens.
 - b. If you sell fresh produce, you **MAY** accept the \$2 PoP Club tokens.
 - c. You may accept \$1 EBT tokens and Market Bucks if you sell qualifying products—edible items for home consumption—and have a signed agreement on file with Maple Grove FM.
- Each vendor will receive a token kit and daily submission form. Tokens must be sorted and pre-counted and the form completed before they will be accepted by market staff.
- Tear off and retain the back copy of the token receipt form for your records. Market staff will contact you within 3-5 business days if there is any discrepancy between your form totals and the number of tokens in the bag.
- Vendors are reimbursed every two weeks via a paper check mailed to their address in their vendor application, or through ACH direct deposit if the vendor chooses to sign up.
