New Application Fee:	\$25 (one time only)	*only for new vendors

You must know the length of your vehicle (and trailer or other attachments) if you will be parking it in your stall. If your vehicle is too long, you will be asked to purchase another stall. Additionally, if your vehicle uses the full width of your stall, you will want to plan to set up as early as possible. Large vehicles have a hard time parking when their neighbors are already in place and fully set up.
